EXPERIENCE

Technology Intern

Apr 2024 – Jun 2024

Science and Technology Vertical, NITI Aayog

New Delhi, India

- Conducted research on the future impact of **AI**, **ML**, and **cybersecurity**, providing key insights for **policy recommendations**.
- Designed and developed a dynamic **Power BI dashboard**, integrating economic data from all Indian states and UTs to support policymaking.
- Analyzed national initiatives like "**Production Linked Incentive**" under "**Atmanirbhar Bharat**," assessing their industrial impact and contributing to research for the same.
- Contributed insights for strategic industrial policies and economic development strategies, supporting **NITI Aayog's** role in shaping India's future economic direction.

Frontend Intern

Jul 2023 – Aug 2023

Viser Techno Lifestyle Pvt Ltd

New Delhi, India

- Worked on developing the frontend of a dashboard for internal use, enhancing user interface and experience.

Android Developer Intern

Aug 2022 – Sep 2022

Delta Edge Technology Ventures

Virtual

- Developed and optimized key frontend pages for the **DealDog** app, aimed at fetching the best product deals through comparison across various e-commerce platforms.
- Assisted in enhancing the app's **UI** by creating a comprehensive **search page**, with dynamic options for categories, as well as discount and price-based filters.
- Revamped the app's **navigation system**, transitioning from a single drawer-based structure to a more intuitive tab-based navigation for major pages, while maintaining the drawer with internal links to deeper content.

PROJECTS

Pikatube | *React JS, Redux, Express, MongoDB, Node.js* | [Live Demo](#)

- Developed a **full-stack** video-sharing platform with **MERN stack** and **JWT authentication**.
- Implemented **MongoDB-based video management** system for optimized performance.
- Designed a **search system** with title, description, and tag-based queries.
- Integrated **likes, comments, and sharing** features in a **responsive UI**.

Mitraz | *React (Vite), Tailwind CSS, Appwrite* | [Live Demo](#)

- Built a **Pinterest-style** platform with **infinite scroll** and **responsive UI**.
- Implemented user authentication, **content management**, and social features using **Appwrite**.
- Developed an optimized frontend with **React (Vite)** and **Tailwind CSS**.

NewNews | *Flutter*

- Developed a news reading Android app optimized for image caching.
- Used **Flutter** for fast development and a smooth UI experience.
